

## Update Paul Kalungi – Clinical placement ICU

Dear sponsors,

I am doing my clinical placement at international hospital kampala. I am working in the intensive care unit. The best ICU unit in Uganda. It has got 11 beds. The coolest and scariest place on earth.

We started our placement this week on Monday and so far I have learnt to take an ECG, doing a blood sugar, airway cares: endotracheal and oral suctioning, and mixing and administering medications via different routes ie nasogastric, nebulised intravenous.

By the end of this week, I will have learnt more. Thank you all to my sponsors who make this possible by paying my tuition.

Thank you all

Thank you the opportunity of school

Paul kalungi

Third year student
