MAASKADE BIAL
307INE ROTTERDAM
NEDERLAND.

Dear sir / madam,

Re: APPRECIATION FOR A CHANCE TO EDUCATION.

I Nairuba Joan extend my gratitude to you pertaining to the above mentioned matter.

I feel so blessed among the chosen few for being granted a chance to fulfill my long awaited dream of pursuing a chance Course in Nursing. I pray that the Lord blesses you beyond measure for having such a golden heart that brings a smile to once a desperate face. My experience while at the Institution was good and all I can say is I enjoyed it to the fullest and boundlessly without serious challenges. Some of the minor challenges were;

Change in Curriculum since I was accustomed to that of high school. Also the weather was kinder cold compared to the one I was familiar with. The overall challenges was abrupt closure of academic institutions due to the second wave of the pandemic, here all my happiness was altered that I even missed a chance to have a glance at my Semester results which I was waiting for so dearly.

I thank you so much for giving me a shoulder on which to lean.

Yours sincerely,

~~MS~~

NAIRUBA JOAN
