

UPDATE ON MY STUDY FROM MASANGA

TONKOLILI DISTRICT SIERRA LEONE

Student Name: Abdul Ibrahim Kamara

Student ID: 700

Dear I step-up team

I want to thank you for giving me the opportunity zeal and courage to continue my studies.

Since my last promotional exams to the Final year, I have been very busy with my studies despite the challenges of the pandemic and difficult times around the world no exams have been conducted yet since my last promotional examinations for which results I have already submitted the result to the team. But I am currently in Freetown as I have been posted at the Princess Christian Maternity Hospital (PCMH) for a period of three months for a course in Obstetrics and Gynecology to acquire more clinical skills in my field of study. After which we will be returning back to campus for further lectures for few months and prepare for the school final examination and State board examination latter in November 2022. Furthermore, am so glad and grateful to my various donors for paying my fees I want to say thank you for your assistance in my education may God continue to provide for everyone.

Thanks as this is the update I have for now.

Your Student
