

# Educational Activities Update

Transfer from my old institution (Legacy University) was completed in November 2021 and I started AIUWA in January 2022. A new University, a new system is quite daunting. Adjusting to new systems, lecturers, surroundings, faculty, staff and fellow students. So far I believe I have adjusted well to the new system and with hard work and dedication I will succeed. I am currently enrolled in five courses listed below.

Nutrition and Dietetics

Human Anatomy I

Microbiology and Immunology

Basic Nursing Skills

Organic Chemistry

3 days lectures and 2 days clinicals

At Edward Francis Small Teaching Hospital, I have trained in the following departments/wards:

Male medical

Male and female Orthopedics

Male Surgical

I also assisted in the following:

Consultation

Diagnosis

Taking Vitals

Administering Medications

Immunizations

Classes will resume May 16<sup>th</sup> 2022. As mentioned in my previous emails, my results will be sent to ISTEPUP as soon as I get them.
