

Am Adriana Jeremiah aged 22 year old, I would like for giving you more thanks for your cooperation in supporting me to progress with my studies, now am second year student at ndolage institute of health science nursing and midwifery. Not yet am first semester and second semester will be April, in semester one I have done cat one examination but the results were not given because they combined cat one and two, but cat two are not already marked to give us results. Now I don't have a results and end of semester one will be 6/March 2023, after end of semester one will give us results so I will send for you, in semester one am learning various module, Reproductive of health care, Child health services, Care of sick child, Basic care of a patient with surgical condition, Basic care of patient with medical condition, Basic of mental health condition and, care of women during antnatal period. God blessed for your good cooperation with me
