Dear iSTEPup

I am Fredy Joseph, a student at Buhongwa collage of Health and Allied Science(BUCOHAS). The main aim of writing to you is to thank you for the financial support that iSTEPup organization has offered me throughout the 2022-2023 education year.

I want to express my thanks also to announce that I passed my first semester and also give deep appreciation for your contribution in paying my tuition fees and relieving me from the financial worries that were a big challenge on my education path. Your assistance was gratifying and once again from the bottom of my heart I say thank you and may God bless you abundantly.

There is a saying that “No Appreciation is enough for great kindness”, but here I really want to say that the help I have received from iSTEPup has taught me also give back to the community whenever I can.

The semester has been nice, our teachers have been great too and have really done a nice job pertaining curriculum matters. Class lessons, group discussions and learning in general have really been awesome. At the moment we are now in the beginning of our new second semester.

I thank you and cherish you,

Thanks from the heart.
