

Update Hawanatu Alhaji Jabbie:

My nursing school journey at the Tonkolili District College of Health Sciences has been filled with both challenges and triumphs. As I approach the halfway mark of my programme, I am thrilled to provide an update on my progress and experiences.

Academically, I have been exposed to a comprehensive range of subjects including anatomy, biochemistry, microbiology, history of nursing, pharmacology and patient care. The coursework has been demanding, requiring countless hours of studying and preparation. However, the knowledge and skills I have gained have been invaluable. I have developed a deeper understanding of the human body and its intricacies, as well as the importance of effective communication and teamwork in the healthcare setting.

Hands on clinical rotations have been the highlight for my nursing education. Working alongside experienced nurses and healthcare professionals, I have had the opportunity to apply theoretical knowledge to real life situations at Masanga Hospital. The clinical experience has solidified my passion for nursing and reinforced my desire to make a positive impact on the lives of others.

The demands of nursing school require dedication and sacrifice but I have learnt to manage my time effectively and seek support from my mentors and classmates. Their encouragement and camaraderie have been instrumental in keeping me motivated and inspired.

Looking ahead, I am excited about the opportunities that lie ahead in the next year. I anticipate further growth and development as I delve into specialized areas such as pediatrics and mental health nursing. The road ahead may be challenging - I am confident that with perseverance and determination I will continue to thrive in my nursing journey.

I want to express my heartfelt gratitude to Istepup and my Buddy Dr Patrick for making my journey possible. Your unwavering support and generosity have been instrumental in helping me pursue my dreams. Thanks to you I am gaining skills and education to help the lives of others.

Thank you for believing in me and investing in my future.
