REF:PROGRESSION OF MY STUDIES AT PADRE PIO COLLEGE OF HEALTH AND ALLIED SCIENCE
(PCOHAS).

Refer to the heading above. My name is Sarah Steven Masalu a pharmaceutical science student at Padre Pio College of health and allied science. I am a third year student pursuing Diploma in pharmaceutical science(PST). Firstly I would like to say thanks for the support you are showing to me towards to accomplish my dreams where by you have helped me in one way another through your sponsorship in paying the school fees without your spounser and support it could be not easy for me to continue with my studies at Padre Pio College. Almighty God be with you.

Now i am in the last year (3rd year)of my studies where by my progressions are good and we are looking forward to start the field where by in april it's when we are going to start the field. After completing my diploma I would like to study a degree where by iam still in need of your support so that I can accomplish my plan so that I will be more competence in helping the lives of the people who need medical attention.

Yours faithfully
Sarah Steven Masalu
