

Student Update Fatima Fornah – April 2025

Hi to the iSTEPup Foundation,

I am really sorry for not responding to your email due to issues with my phone. I have already sated to the final state board exams and I was waiting for the results to come out. I have sent the results to you. I will then go for postings to the ministry of health and sanitation. I am also preparing to enter for the bachelor's degree next year through your help.

I am grateful for the changes that you have done in me and also my country.

Fatima Fornah.
