

Dear istepup

I would like to thank the organisation for the support. The organisation has made my education journey not stressful.

My Semester 5 has been nothing but wonderful. We had 6 weeks of theory and 16 week of practical. We went to Zomba Mental Hospital, Queen Elizabeth Central Hospital to ENT, Burns Unit ,Blantyre Adventist Hospital for ICu and Zomba Central Hospital for Ophthalmology and Dermatology.

I have gained a lot of knowledge during my clinical allocation. Below document is my end of Semester 6 Transcript.

Lastly I would like to extend my gratitude to the organisation for love and support. May good Lord bless the foundation.

Your regards
Sylvia Kaipa
