

I am Moses Ben Machaka. I have completed my Bachelor of Science in Clinical Medicine, with graduation set for September 2026.

I sincerely thank iSTEPup for the love and support you have shown me throughout my studies. I would not have reached this far without you. I am deeply grateful for your care, because of your support, I have gained the knowledge and skills needed to save lives and strengthen healthcare services from primary to tertiary level in my community.

I will always remember and appreciate iSTEPup. Thank you for investing in my future.
